Keith R. Krueger, CAE*,
Executive Director

*Denotes Executive Committee

Dear Karen:

On behalf of the Consortium for School Networking (CoSN), we wish to commend the many vital ways that Tech Corps assists K-12 schools effectively integrate technology in classrooms to improve learning.

Tech Corps is a wonderful bridge for linking school technology leaders with businesses from their community. Through your efforts we can more effectively leverage the vast investment that our nation is making in school technology.

As you know, CoSN's mission is around advocating for the use of telecommunications and the Internet to improve student learning. Please consider us your full partner in this critical mission that we share.

Sincerely,

A handwritten signature in black ink, appearing to read "Keith R. Krueger".

Keith R. Krueger
Executive Director
