Dear Ms. Smith:

The National School Boards Association strongly supports TECH CORPS' efforts to assist schools on using technology more effectively in their classrooms. The volunteer partnerships that you are able to enlist in support of the schools are splendid examples of the best in community involvement.

We have valued your active support and participation in the programs offered by NSBA's Institute for the Transfer of Technology to Education (ITTE)—particularly the Technology + Learning Conference. The goals of TECH CORPS and of NSBA and ITTE are mutually supportive and I know we will both continue to benefit from a close and cooperative relationship.

We wish you the best in your future initiatives and look forward to what I am sure will be many opportunities to work together.

Sincerely,

Anne L. Bryant
Executive Director
